Power-Packed 3,563m² Warehouse with 500 Amps and Sprinkler System – Ideal for Heavy Industrial Use

This expansive 3,563m² warehouse is designed for serious industrial operations, offering high functionality, safety, and convenience. With 500 amps of three-phase power, it effortlessly accommodates heavy-duty machinery and large-scale equipment. Multiple high-roller shutter doors ensure smooth loading and unloading, while a full sprinkler system enhances fire safety standards throughout the facility.

Set within a secure industrial precinct with 24/7 access control, the property also features ample parking and a generous yard for truck maneuverability and outdoor storage. Perfectly positioned with easy access to major arterial routes, this warehouse is a solid choice for logistics, manufacturing, or warehousing businesses needing a powerful, flexible, and secure operational base.
