840sqm warehouse with private yard space

This 840-square-meter warehouse offers a spacious, open-plan layout designed for maximum efficiency and versatility. Abundant natural light fills the space, creating a bright and welcoming environment ideal for a range of operational activities. The facility is powered by a robust 3-phase electrical system, supporting diverse industrial needs. A 5-meter roller door provides seamless access for logistics and handling, ensuring smooth day-to-day operations. For added convenience, on-site staff amenities include well-placed bathrooms. The property also features a secure private yard—perfect for outdoor storage or additional workspace—with controlled access enhancing overall site security.

Adjacent to the warehouse, the office component presents a flexible and functional layout. It can be configured as an inviting
